KYOTO UNIVERSITY

PUBLICATIONS OF THE SETO MARINE BIOLOGICAL LABORATORY

Volume II

SIRAHAMA, WAKAYAMA-KEN, JAPAN
PUBLISHED BY THE LABORATORY
1951 – 1952

CONTENTS

No. 1 (October 20, 1951)

1. **T. Tokioka**: Pelagic tunicates and chaetognaths collected during the cruises to the New Yamato Bank in the Sea of Japan. 1
2. **H. Utinomi**: *Eunephthya* from Middle Japan. 27

No. 2 (October 5, 1952)

3. **D. Miyadi and H. Utinomi**: The Seto Marine Biological Laboratory of Kyoto University. 41
4. **S. M. Shiino**: A new genus and two new species of the order Tanaidacea found at Seto. 53
5. **T. Kuroda**: On an interesting new genus of gastropod Mollusca from the sea of Kii Peninsula. 69
6. **T. Habe**: Parasitic gastropods found in echinoderms from Japan. 73
7. **K. Baba and I. Hamatani**: Observations on the spawning habits of some of the Japanese Opisthobranchia (1). 87
8. **T. Tokioka**: Ascidians collected by Messrs. Renzi Wada and Seizi Wada from the pearl-oyster bed in the Arafura Sea in 1940. 91
9. **R. Hayashi**: Sea-stars of Seto and adjacent waters. 143
10. **H. Utinomi**: *Dendronephthya* of Japan. I. *Dendronephthya* collected chiefly along the coast of Kii Peninsula. 161
11. **S. Mori and K. Matutani**: Studies on the daily rhythmic activity of the starfish, *Astropecten polyacanthus* Müller et Troschel, and the accompanied physiological rhythms. 213
12. **Y. Yoneda**: Observations on the Algae growing on the pond tortoises, with special reference to *Basicladia crassa* Hoffmann & Tilden. 227
13. **I. Umezaki**: Some marine Cyanophyceae from the Shirahama coast of Wakayama Prefecture. 235
14. **H. Maéda**: The relation between chlorinity and silicate concentration of the water observed in some estuaries. 249
15. **K. Furuhashi**: Notes on some animal planktons collected from the Sea of Japan off San'in District. 257
16. **S. Mawatari**: Bryozoa of Kii Peninsula. 261
17. **I. Yamazi**: Plankton investigation in inlet water along the coast of Japan. III. The plankton of Imari Bay in Kyusyu. 289
18. **I. Yamazi**: Plankton investigation in inlet waters along the coast of Japan. IV. The plankton of Nagasaki Bay and Nagasaki Harbour in Kyusyu. 305

19. **I. Yamazi**: Plankton investigation in inlet waters along the coast of Japan. V. The plankton of Hirosima Bay in the Seto-Naikai (Inland Sea).319
20. **Y. Matsui and T. Hirota**: Studies on the formation of pearls. I. On the relationships of proteins and $CaCO_3$ crystals in the layer of baroque pearls. 331
21. **S. Tanaka and H. Hatano**: Studies on the seasonal changes in the chemical constituents of the pearl oyster. 341
22. List of publications based on the results of researches carried out at the Seto Marine Biological Laboratory during the period from 1922 to 1951..357
